Management's address

Dear loyal parents and guardians, I wish you Happy New Year and a warm welcome to the beginning of another academic year at Blessed Perfect Academy, which I believe will be one of the good years for all of us. Almighty God has done it again; His protection is upon us. 'Thousand may fall on our left and ten thousand on our right but it will not come near us for we shall just watch with our eyes' Amen.

I am grateful to all parents who have been loyal and supportive to us, not forgetting those who have also joined the family. New year is always about new beginnings and positive changes. Couple of years back has not been easy on us but we should be thankful to God for life in us. To live to our motto because nobody teaches like the teachers of Blessed Perfect Academy", we once again promise you a year full of setting and reaching attainable goals. We will work extra harder and smarter, taking our school and learners achievements to the level of greatness and contribute towards goals of our community and that of the nation at large. We are forever dedicated to programs that promotes intellectual excellence, personal, emotional, and spiritual growth. The educators as well as the management of Blessed Perfect Academy are here to support all learners, by any means necessary, to ensure they reach their fullest potential. We look forward to working with learners, parents, the Department of Education, and the members of the community to provide a high-quality education to our children for their future.

Please allow me to quote my own words of promise that I once gave "Just like we promised every year, you can look forward to encountering a highly intensive and challenging academic program that will push learners to work hard beyond their limits. However, I am very optimistic that all our learners have the capability to meet our expectations and the demands of their new grades and educators". We are here to educate humanity that fit into global society and therefore, will go extra mile to exhaust all possible avenues and resources to impact knowledge which is beneficial into our learners

On behalf of the Management, Staff and supporting staff of Blessed Perfect Academy, I welcome you once again and thank you for being loyal to us and being part of the Blessed Perfect Academy Community. Here success is not an option..... but an expectation. We are truly grateful to you and hope to work well with you throughout the year.

I wish you a happy stay in Blessed Perfect Academy.

May the Almighty God bless you now and forever more.

Sincerely yours,

Anthony Owusu Nyamekye

Manager (BPA)

SCHOOL FEES

Money is the fuel on which the school is running. The management has selected qualified and dedicated teachers to help the learners achieve their potentials. To retain the educators, we need to take good care of them and that you need to honour your part of the contract by paying school fees regularly and on time. The school must pay its utility bills, rent, buy stationery and pay staff to be able to keep running. We therefore appeal to you parents and guardians to help the school to continue its professionalism, excellence, and dedication by paying your learners school fees on regular bases. Do not wait for the school to send to you notices or debar the child from attending lessons before you act. The child's education should be a priority and our responsibility.

Note: *Keeping the child home to start in February or March do not exempt you from paying for January unless the learner is new in the school.*
